Fellow North Dakotans,

I want to thank you for your business or organization's interest in bringing awareness to the important right and responsibility that qualified voters have to choose their leaders and weigh in on decisions that impact them and their communities. Civic engagement is a cornerstone of our democracy, and an impactful way that citizens can participate is by voting in elections.

My office has put together a nonpartisan online [Make an Impact Voter Engagement Toolkit](https://vote.nd.gov/impacttoolkit) ([vote.nd.gov/impacttoolkit](https://vote.nd.gov/impacttoolkit)) to make it easy for you to share educational information about North Dakota elections with your employees or members. It includes handouts, flyers, and a link to North Dakota Elections 101 videos.

On the toolkit page, you can subscribe to receive election-related information throughout the election year. Emails will be sent about once a month to let you know about updates to toolkit information, reminders about voting dates and deadlines, and new materials announcements from our office.

Additionally, if your business or organization would like to have someone from our office speak to your business or organization about voting in North Dakota, please fill out the [appearance request form](#) on our website and a member of our team will follow up with you.

I appreciate your efforts to help us share information about North Dakota elections. If you have questions, or ideas that would enhance our voter education efforts, please reach out to our communications director Misty Curn at (701) 328-5409 or [micurn@nd.gov](mailto:micurn@nd.gov).

Sincerely,

A handwritten signature in black ink that reads "Michael Howe".
