WHAT IF MY ID ISN'T UPDATED BEFORE ELECTION DAY?

Having a valid form of identification with your current information can make your voting process easier. If you do not get your identification updated, or find you do not have your identification with you when voting, you have two options:

NON-UPDATED ID SUPPLEMENTAL DOCUMENTATION

You can bring your non-updated identification, along with supplemental information that includes your updated address, to the polling location on Election Day. Supplemental documentation that will be accepted includes a:

- Current bank statement or utility bill
- Paycheck or paystub
- Check or document issued by federal, state, tribal, or local government
- Printed document issued by a college or university + student ID

NON-UPDATED ID / DO NOT HAVE ID SET ASIDE BALLOT

You can vote by set-aside ballot during early vote or on Election Day. This means you cast your ballot and it is placed in an envelope to be presented to the County Canvassing Board for review.

- Within 13 days after the election, you must update or present your driver's license, non-driver ID, Tribal ID or documentation, or Long Term Care Certificate before the County Canvassing Board meets.
- You may submit your identification in person or electronically to the county auditor, and your ballot will be counted. You will be provided information about this process when voting a set-aside ballot.
