BALLOT TABULATOR

ND SOS
- **Insert ballot into the ballot tabulator.**
- **Use either the top or bottom tray.**
- **The tray used is determined by the type of ballot.**

TRADITIONAL BALLOT

Insert the ballot in any direction into the ballot scanner using the tray provided at the front. You will use the *BOTTOM* traditional ballot tray.

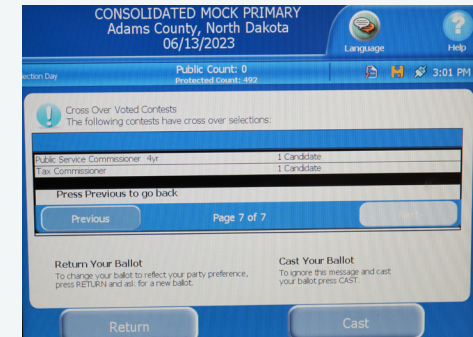

EXPRESSVOTE BALLOT

Insert the ballot in any direction into the ballot scanner using the tray provided at the front. You will use the *TOP* ballot card tray.

ERROR MESSAGES

- If your ballot has an error, the scanner will display the error. You will have the option to accept your ballot as voted, or return your ballot and ask to receive a new one.

Error messages will appear on this screen.
